BAP4.0 Outdoor Dasher Board System

Communities are eager to bring back the nostalgic outdoor skating rink and Becker Arena Products' BAP4.0 Outdoor Dasher Board Systems are the perfect solution.

The BAP4.0 Outdoor Dasher Board System brings back the traditional look of the outdoor wood hockey board system from years past, however, utilizing a galvanized steel structure with treated lumber for years of service.

Key features:

- 1** The treated lumber facing is both functional and attractive in a park setting.
- 2** Chain link fencing is available for puck containment.
- 3** This system offers various anchoring options for both permanent and portable systems..
